

Mac8 adoption/inquiry example(By product)

Part#	Product name	Application
AF series	Pin insert	Education electronics In-flight entertainment and connectivity system Medical device LED backlight control board LED indicator, LED lighting Power module Pump control Weaving machine
AG series	Vertical fitting mount for PCB	QR code Scanner Semiconductor manufacturing equipment
AGH series	Vertical fitting mount for PCB	QR code Scanner
AP series	Spacer for PCB	Medical analyzer Medical device Welding machine
ATSS series	Two sides adjusting terminal	Testing & Equipment
AV series	PCB vertical fitting clasp	QR code Scanner
AX series	Bracket for fitting PC board	Control equipped with compact camera for Automation chair QR code Scanner Semiconductor manufacturing equipment
BA series	(Vertical affixing) block	Automatic Train Control LED lighting Power control system Semiconductor manufacturing equipment
BB series	Fitting block for PCB	Control equipped with compact camera for Automation chair Medical device Power supply
BC series	Terminal stand for connector	Power unit for train
BG series	Metal fitting for PCB	Electric Vehicle
BH series	Banana plug jack	Measurement device
BK series	Terminal for Hybrid IC	Automobile sensor
BS series	Bush for insulation	Laser beam welding machine
BSF series	Bush	Counting machine Inverter (for air conditioner)
CA series	Terminal for Hybrid IC	LED lighting, lighting
CB series	Terminal for Hybrid IC	AC backup source AC/DC module DC/DC converter LCD display Mobile printer New energy circulation testing system
CD series	Terminal for hybrid IC	Power Signal Lighting Tower
CE series	Contact point	Medical treatment equipment
CH series	Terminal for Hybrid IC	DC/DC converter
CK series	Terminal for Hybrid IC	Sensor module(for car)
CN series	Wire crimping terminal for SMD	LED
CT series	Test point for checking	Chiller unit Industrial Monitoring Thin Clinet terminal
CS series	Pin for reinforcing electric wire	Electric fishing reel
CW series	Heat-release sheet	Automatic feeding vibration plate Automatic Train Control Inverter (for air conditioner) Power Tool Test & Measurement
DA-8	Wire crimping terminal for SMD	LED products
DB-6 series	Wire crimping terminal for SMD	LED products
DC series	Two-tiered terminal	Energy storage system LED indicator PCB layout Temperature Controller
DG series	Two-tiered terminal	Electronic PCB (power) Inverter Motor controller
DH series	Pin for SMD	Electric vehicle dc-dc conversion LED backlight control board Medical device Network Sensor board test machine Walkie Talkie
DHS series	Pin for SMD	Fiber optic LED lighting Sensor / Detector Module
DM series	Fixing terminal for wire cable band	LED products
DP series	For two-tiered installation of PCB	Electronic PCB (power) Energy System
EB series	Spacer (for LED)	EDM(Electric Discharge Machine)
EM series	Spacer of hollow shape for PCB	Printer
EP series	Spacer for PCB	Inverter Juki Knitting Machine Motor controller Power supply Semiconductor manufacturing equipment System Control Board UPS

Part#	Product name	Application
ER series	Spacer for PCB	ATM Audio system Control board DC/DC converter Jig & Tool Monitoring system Semiconductor manufacturing equipment Testing equipment
FF series	Parts relay terminal	Blood testing apparatus
FT series	Fluorine terminal	Blood testing apparatus
FX series	Super-small fluorine terminal	Clamp meter device
GA series	Shield case for Hybrid IC	Polishing machine
HD series	Connection terminal for surface mounting	Electric car Scope
HDA series	Parallel connecting pin for SMD	LED products Touch screen board
HDB series	Parallel connecting pin for SMD	LED products Touch screen board
HH series	SMD connector	PLCC for automotive
HH-1 series	SMD connector	Medical device
HH-3 series	SMD power supply connector	CCD Moduel
HHO series	Parallel type male pin for SMD	CCD Moduel
HHP series	Jumper socket for surface mounting	Logger
HHY-1 series	SMD connection socket (horizontal)	GyroSensor Car Lamp for car Storage System
HIC series	Terminal (for hybrid IC)	CATV Filter-PIN PCB Testing & Equipment
HK series	Test point	Alarm Access control system Banking machine Base station Base Station point to point communication devices Blood Analyzer Machine Coaxial connector Control Board Control box Control equipped with compact camera for Automation chair Control PCBA for Semiconductor Equipment Currency recognition machine DC/DC converter Direct-coupled amplifier Distributed control system Electronic power terminal Electronic Toilets Elevator system Endoscopy Processor Endoscopy Processor Energy System HD converter board Healthcare High Velocity (PRINT & RETAIL) Industrial computer PCBA Industrial Monitoring Inverter Inverter module IoT module Medical device Microcomputer board Microcontroller Module for Control Panel Unit Motor controller MRI Multi-Function Printer Optical fiber fusion splicer Optical transmission device PCBA PCBA for Automatic door for train platform Power Conditioning Systems Probe card Radar monitor Railway Security Camera Server Solar Micro-inverters Soldering machine Street light Tester Testing equipment Thin Clinet terminal Transmission & Distribution system Ultrasound system UPS Video Transmitter Wire Bonder Machine Wireless harness X-ray circulation car

Mac8 adoption/inquiry example(By product)

Part#	Product name	Application
HM series	Adjustment part terminal for SMD	Test Instrument
HO series	Clasp	Jogging shoes PLCC for automotive
HQ series	Connecting pin for SMD	Air conditioner Bone density meter Game PCB design Power supply module Telecommunication UV LED DRIVER Ventilation System
HW series	Wrapping terminal for SMD	Display panel Optical control
HWC series	Wrapping terminal for SMD	Electric Vehicle LED products Optical transmission device DC/DC converter
HWC-2-J	combination of HWC-2P-G and JS-2A	Jig for Semiconductor assembly
HWP series	Wrapping terminal for SMD	Alarm panel Cable Communication Equipment CT scanner Desk Light Distributed control system Electric cabinet Energy System Flash Lamp Game Gate driving PCB for IGBT Inverter Medical device MRI system Railway PCB Pressure measuring machines Sensor Soldering machine Task light X-ray circulation car
HWRP series	Wrapping terminal for SMD (connected type) with placement pin	Semicon Test Equipment
HWWH series	Wrapping terminal for SMD	Street light Display panel
HZ series	Terminal for Hybrid IC(SMD)	Cable assembly Energy System Inverter Juki Knitting Machine Power control system Printer Semiconductor manufacturing equipment
JP series	Jumper line	Car Park system Lighting Medical Equipment Protection relay system Railway
JR series	Jumper line	Inverter LED lighting Power supply Vacuum Cleaner Aerospace-IFE system
JS series	Jumper socket	Alarm panel Auto control pump Cabin Electronics Desk Light In-Flight Entertainment and Connectivity Solutions Inverter Massage machine Medical device Power control system Alarm
JSW series	Jumper socket	Inverter Card reader
JX series	Jumper pin	Inverter PC Box Terminal module Inverter
JX-20SC	Switch jumper and socket	PCB Assembly
KB series	Terminal for small adjustment part	Charger for wifi-phone
KCV-2-1	Board-to-board connector (Vertical connection)	Inspection device
KEO series/KES series	Board-to-board connector	Cable modem
KO/KC series	Board-to-board connector	Charger for wifi-phone Gateway device LED power source LED lighting LED module Analytical Instruments
KS series	Terminal	Measurement device Semicon testers
LA series	LED spacer	Automatic feeding vibration plate Semicon Test Equipment

Part#	Product name	Application
LC series	Test point	Automotive Board for temperature tester Cable Assembly Communication Equipment Control Board Control equipped with compact camera for Automation chair Digital board Energy System Exposure equipment Game machine(Pachinco)
		Gateway device Golf Navi. Industrial UPS Inkjet printer Inverter Juki Knitting Machine Lighting control Measurement device Medical device Motor control board Multi-Function Printer PCBA Oscilloscope Power control system Power supply Printer Protection relay system Radar monitor Railway Rectifier for Telecom Regrow Helmet for hair Semiconductor manufacturing equipment SMT machine Sorting machine S.P.S Switchboard Temperature controller and display unit for tester Test & Measurement Vacuum Cleaner WIRE BONDING MACHINE
LDS series	Laser diode socket	Laser IC
LES series	Spacer for LED(SMT)	Industrial sensor LED Lamp
LG series	Spacer for LED	Automatic strapping machine
LK series	Spacer for LED	Charger
LL series	Spacer for LED	Inverter
LM series	Spacer for LED	Automatic Train Control CCD Moduel Communication Equipment Electric carpet Induction Heater Industrial Control Liquid Leakage sensor Measurement device Medical device Micro Server Multi sensor Power system Printer control board Rectifier for Telecom RF remote controller Transmitter Ultrasonic bath Water heater
LN series	Spacer for LED	CCD Moduel
LR series	Spacer for LED	Inverter Printer control board Pump S.P.S
LT series	Spacer for LED	Medical device
LW series	Spacer for LED	Communication Equipment Digital control board Converter
LZ series	Spacer for LED	Flat panel detector(FPD) Vision guiding
MB series	Two-tiered terminal	CCD Moduel Power control system
MBW series	Two-tiered terminal (compact type)(two row type)	Green laser module
ME series	Socket pin	Industrial sewing machine Refrigerator
MEW series	Super-small socket pin (two-row type)	GyroSensor Car Locomotive high voltage power
MF series	Socket pin	Card reader Communication device Heater Indoor Air Quality Testing MRI system Refrigerator sensor Vehicle recorder

Mac8 adoption/inquiry example(By product)

Part#	Product name	Application		
MJ series	Jumper for SMD	Air conditioning		
		Blood pressure monitor		
		Communication device		
		Electronic Circuit		
		LED driver		
		LED lighting		
		LED module		
		Logger		
		Measurement device		
		Medical device		
		Metering		
		Microwave components		
		Power supply		
		S.P.S		
		Telecommunication		
		Test equipment		
		X-Ray equipment		
		MJP series	Jumper for SMD	Electronic control
				Electronic PCB (power)
				Electric vehicle dc-dc conversion
		Elevator system		
		Home appliance (oven, refrigerator)		
		Inverter (for air conditioner)		
		LED lighting, Lighting equipment		
		Microwave Board		
		Power Supply		
		Router		
		Semicon Test Equipment		
		Solar energy control board		
		S.P.S(Share point server)		
		Vacuum Cleaner		
MJR series	Connection Jumper wire for SMD	Logger		
MJW series	Jumper for high current	Home appliance (oven, refrigerator)		
		Electric vehicle DC-DC conversion		
MK series	Male pin terminal (connection type)	Power panel		
		Railways		
ML series	Component for two-tiered	Air conditioning		
		Automatic Machine		
		Car Audio		
		Digiclamp meter		
		Electronic control box		
		Game machine		
		LED lighting		
		LED module		
		Liquid Leakage sensor		
		Meter		
		Power breaker		
		Testing machine		
MLW series	Component for two-tiered	Automotive Audio		
		Control Board		
		Power tools		
		Railways		
MLZ series	Connecting pin(Vertical type)	Automatic Machine		
		RF Power		
MM series	Small terminal for electric wire installation	Control board for automobile		
		PCB Assembly		
MP series	Spacer (resin type)	EDM(Electric Discharge Machine)		
		Ultrasound system		
		Medical device		
		SMT machine		
		Tester		
MQ series	Spacer (resin type)	PCBA		
		SMT machine		
		Tester		
		Traffic light		
MT series	Through hole fitting screw	Telecom		
MW series	Two-tiered terminal for high current	Military power		
MX series	Two-tiered terminal (compact type)	Communication device		
		Industrial equipment		
		Refrigerator		
		Sensor		
		Test equipment		
MXW series	Super-small terminal for two-tiered installation (two-row type)	GyroSensor Car		
		Locomotive high voltage power sensor		
		Temperature Controller		
MZ series	Connecting pin	Currency recognition machine		
		Mobile printer		
MZW series	Connecting pin Terminal (angle type)	Distributed control system		
		Power control board		
		Healthcare		
		Medical device(Medicine device)		
		Medical mother board		
		MRI		

Part#	Product name	Application		
NB series	Contact point for surface mounting	Optical fiber fusion splicer		
		Packaging		
		PCBA		
		Receiver		
		Ultrasound Machine		
NC series	Bar for SMD	Communication device		
		MRI system		
		PCBA		
NS series	Base / Contact point	Automotive		
		Battery pack module		
		Bluetooth Headphone		
		Camera		
		Card reader		
		Detector		
		Electronic Tooling		
		Exposure equipment		
		LED backlight control board		
		LED lighting		
		Medical device		
		Router		
		Traffic control		
		Ultrasound system		
		USB card reader		
OAS series	Terminal for two-tiered installation for SMD	DVB-S TUNER BOARD		
		Lamp for Car		
		Laser		
		Pressure sensor		
OBS series	Two-tiered socket for SMD	Game		
		Lamp for Car		
		Laser		
		Pressure sensor		
ON series	Connected terminal	Laser		
OQ series	Connecting pin for SMD	Camera		
		Communication Equipment		
		DC source power supply meter		
		Lamp for Car		
		Pressure sensor		
		Storage System		
OQS series	Connection pin for SMD (with positioning pin)	Energy System		
OQW series	Parrallel connected pin	conference system		
		Lamp for Car		
		PCB for medical device		
		Single board computer		
OR series	Relay-socket	Packing Machine		
		Test equipment		
OV series	Terminal for two-tiered installation for SMD	Alarm		
		Power board		
		USB car charger		
OVS series	Terminal for two-tiered installation for SMD (strong type with positioning pin)	CCD Modul		
OW series	Pin for remove and insert (two-tiered)	Beauty equipment		
		control board for semiconductor device		
		Control panel for Optomechanics		
		Inverter		
		IP Camera		
		Liteguide controller		
		Multi Sensor		
		Picking device		
		Power device		
		Protection relay system		
		Railways		
		Sewing machine		
		Textile Machine		
		OWW series	Pin for remove and insert(two-tiered)(strong type)	Electric vehicle dc-dc conversion
				Inverter
Locomotive high voltage power sensor				
Motor drives				
Motherboard				
Multi Sensor				
Railways				
UV-LED				
Tester				
OX series	Pin(removal/insertion)	Tester		
OY series	Component for two-tiered	EDM(Electric Discharge Machine)		
		Test & Measurement		
OYW series	For insertion / removal of two-tiered type (two-row type)	Industrial Rectifier		

Mac8 adoption/inquiry example(By product)

Part#	Product name	Application		
PA-2-A	Socket ofr φ2 male pin	Electric cigarette		
PB series	Terminal for fixing climping-terminal	Elevator system		
		Energy System		
		Game machine(Pachinco)		
		Jig fixture		
		Measurement device		
		Mobile Top up		
		PCBA		
		Semicon assembly machine		
		Tooling equipment		
		Valve control

		Inverter		
		Locomotive high voltage power sensor		
		Multi Sensor		
		Railways		
		Router		
		UV-LED		
PN series	Terminal for fixing climping-terminal	Industrial equipment		
		Test & measurement		
PR series	Pipe socket	Transistor test block		
PTR-1	Test socket for power transistor	Test & Measurement instrument		

Part#	Product name	Application
PV series	SMD terminal	Control panel
		DC source power supply meter
		Distributed control system
		Electric Vehicle
		Electric vehicle dc-dc conversion
		Jig fixture
		MRI system
		Outdoor Gateway
		Packaging
		Refrigerator
		Street light
		test machine
		Unified Controller
		UV LED DRIVER
PW series	Bar for high current	Packaging
PZ series	LED fitting bracket for panel	Test & Measurement
RG series	LUG terminal	Flat panel detection shassis unit
		Ground wire
		Medical device(Dental device etc)
RP series	Spacer of round shape	Automotive Electric
RS series	Socket for electric wire	Transistor test block
SB series	Check terminal for logic	Endoscopes
SC-1-1A	Colored test point	Lighting
SF series	Fitting mount without hole for printed board	Energy System
SG series	Fitting mount without hole for printed board	Packaging
SN series	Screw for surface mounting	Induction Heater
		UV LED DRIVER
SP series	Spacer for PCB	Alarm
		Audio system
		Automatic Train Control
		ATM
		Car sensor
		Energy System
		Inverter
		Measurement device
		MRI system
		Power control board
Protection relay system		
SQ series	Spacer for PCB	Railways
		Ultrasound system
		Video Transmitter
		Air conditioning
		ATM
		Audio system
		Battery pack module
Control board		
Control panel		
Controller Machine		
Induction Heater		
Inverter (for air conditioner)		
LED display		
Medical device		
Monitoring system		
MRI system		
Radar monitor		
Semiconductor manufacturing equipment		
S.P.S		
Temperature controller and display unit for tester		
Traffic light		
Unified Controller		
Video Transmitter		
Water pump system		
Welding machine		
SQS series	Spacer for PCB	Inverter (for air conditioner)
		Precision machine
		Water pump system

Part#	Product name	Application		
SSB series	Spacer for SMD	Advertising panel		
		Alarm		
		Automotive		
		Communication Equipment		
		Control system, control board(for Air condition etc.)		
		Data Communications Equipment		
		Elevator Emergency call and remote monitoring		
		Emergency call		
		Fiber optic		
		Flow control device		
		GPU and Server Boards		
		GSM Emergency call		
		Headset Control Unit		
		Identification		
		LCD display		
		IoT module		
		LED display		
		LED Panel controller		
		LED power source		
		Lighting		
		Medical device		
		Networking		
		Optical Amplifiers		
		Optical communication		
		Optical platform		
		Optical transmission device		
		Security device		
		Semicon Test Equipment		
		Server		
		Smoke System Controller panel		
		Test Equipment		
		Tracking device for Truck		
		SSF series	Spacer for SMD	Instrument
		ST series	Test point for logic circuits	Bonding machine
				Broadcast system
				Burn in board
				Control board
